

DODD 5158.04

United States Transportation Command (USTRANSCOM)

Among other things, this directive:

“1.5. Designates CDRUSTRANSCOM as the DoD Distribution Process Owner (DPO)...

1.6. Designates the CDRUSTRANSCOM as the DoD Distribution Portfolio Management (DPfM) Manager for Sustainment and Force Movement.”

This is foundational to AIT because the DPO is named as the DOD lead proponent for AIT in DODI 5158.06 which is available in this AIT library (Library/OSD/Instructions). AIT collects data which is sent to automated information systems (AIS), many of which are managed by the DPfM.

In addition, on 17 Aug 11, the Secretary of Defense named the DPO the DOD lead proponent for ITV. This responsibility will be included in DODI 5158.06 as well, but this has not been done as of this writing (9 May 12). However, the original designation memorandum is included in this AIT library (Library/OSD/Memoranda).

In order to maintain currency, we have not included the actual DODD 5158.04 on this web site. Please find it on the DOD Issuances site at <http://www.dtic.mil/whs/directives/corres/dir.html>
