DTEB 220.A.004010 DTCI TRANSPORTATION SERVICE

RESPONSE VERSION 0

ITEM 3: PROPOSED WORK

Identify the action required (add, change, delete) and describe the specific work requested to the convention of standard. For convention work, identify section, page number, affected item, and any other information that clarifies the request. For standard work, identify segment, segment position, segment attribute, data element, data element attribute, and any other information that clarifies the request. Acronyms/abbreviations must be spelled out. New codes must include an expanded code definition.

ACTION: Add

Description:

Add the accessorial code "PUC" to the 219A at the ITA13 (index 5-13) and 220A at the L901 (index 8-01) to be utilized under the Defense Transportation Coordination program with the DoD definition of "Urgent Pickup Service."

ITEM 4: REASON FOR CHANGE (business case)

Explain why you need the proposed change. Provide a complete scenario that tells what the business function, operation, or problem is that will be satisfied by a change to the convention.

Technical assessment requires enough information to be able to propose an alternate solution, if necessary. Be specific. Use additional paper if necessary.

Currently, were using the "EXP" accessorial code for both pickup and delivery which doesn't allow the program to fully understand the bases requirements.

The accessorial code "PUD" doesn't work because it used for pickup/delivery outside normal operating hours which 99% of our expedited request are during normal operating hours.

ITEM 5: PRIORITY/REQUIRED DATE

Identify priority and required date of change.

PRIORITY: (R) - Routine

Required by date: 07/31/2012

ITEM 1: DEVELOPMENT HISTORY

06/27/2012 13:20:22 Ms. Rose M. McLeod - SDDC/IBS - Abstain (no impact) :
06/29/2012 14:15:56 Mr. Gordon M. Allbritton - USAF/CMOS - Approve : CMOS already allows the PUC accessorial code in the DTC process.
07/03/2012 09:21:20 Mr. Craig R. Matlock - Air Mobility Command - Abstain (no impact) : HQ AMC has no plans to implement the 219A or 220A ICs.
07/06/2012 08:05:58 Ms. Edith L. Winters - SDDC/GFM - Approve :
07/06/2012 12:56:14 Mr. Gregory (Greg) P. Doyle - SDDC - Approve :
07/09/2012 12:00:36 Mr. Bradley (Brad) J. Long - USTC/IGC - Abstain (no impact) :
07/10/2012 14:47:26 Mr. Wayne A. Howard - Defense Logistics Agency - Approve - with comments : Written content should be defined better, see below. PUC - Urgent Pickup Required. Defined as "urgent pickup required during normal business hours." EXP - Expedited Delivery Defined as "expedited delivery"
07/10/2012 15:05:13 Ms. Heidi M. Daverede - DLMSO - Approve - with comments : 1. Recommend that the DOD definitions for PUC and EXP be further modified to eliminate redundancy in urgent pickup service. PUC - Urgent Pickup Service during normal business operating hours. EXP - Urgent Delivery Service during normal business operating hours. 2. The IC Code lists are actually maintained in Section 6 of the IC and not at the indexes cited in the DM. 3. While PUC is a valid code for this purpose, it may be more beneficial to consider using 695 (Special Pickup). That way, you don't eliminate a generic code that you may have a use for in the future.
