

APPENDIX L

**CONTINGENCY 463L PALLET AND NET REPORT,
 FORMAT AND INSTRUCTIONS**

A. INSTRUCTIONS

Obtain initial status report of System 463L pallets and nets from each primary operating installation. (See [Table L-1](#).) Follow-on reporting will be by exception, or daily, as required. Reporting may be by either electronic means or voice using the alphanumeric format (see example below). The remarks section will be used for movement information, disposition instructions, or other pertinent information. Excess serviceable and unserviceable assets will be shipped to the nearest Aerial Port of Embarkation/Debarcation. Also, use of in-transit airlift returning to the Continental United States is encouraged. Report movement in columns E/F. Report may be transmitted by unclassified voice or electronic means.

Table L-1. Contingency 463L Pallet and Net Report Format
