

*Joint Intermodal Working Group (JIWG)  
Standards Committee*

# **Joint Standardization Board for Intermodal Equipment**

Robbin Miller  
Air Force Packaging Technology and Engineering Facility  
403 SCMS/GUEB, Wright-Patterson AFB

27 May 2009

# Agenda

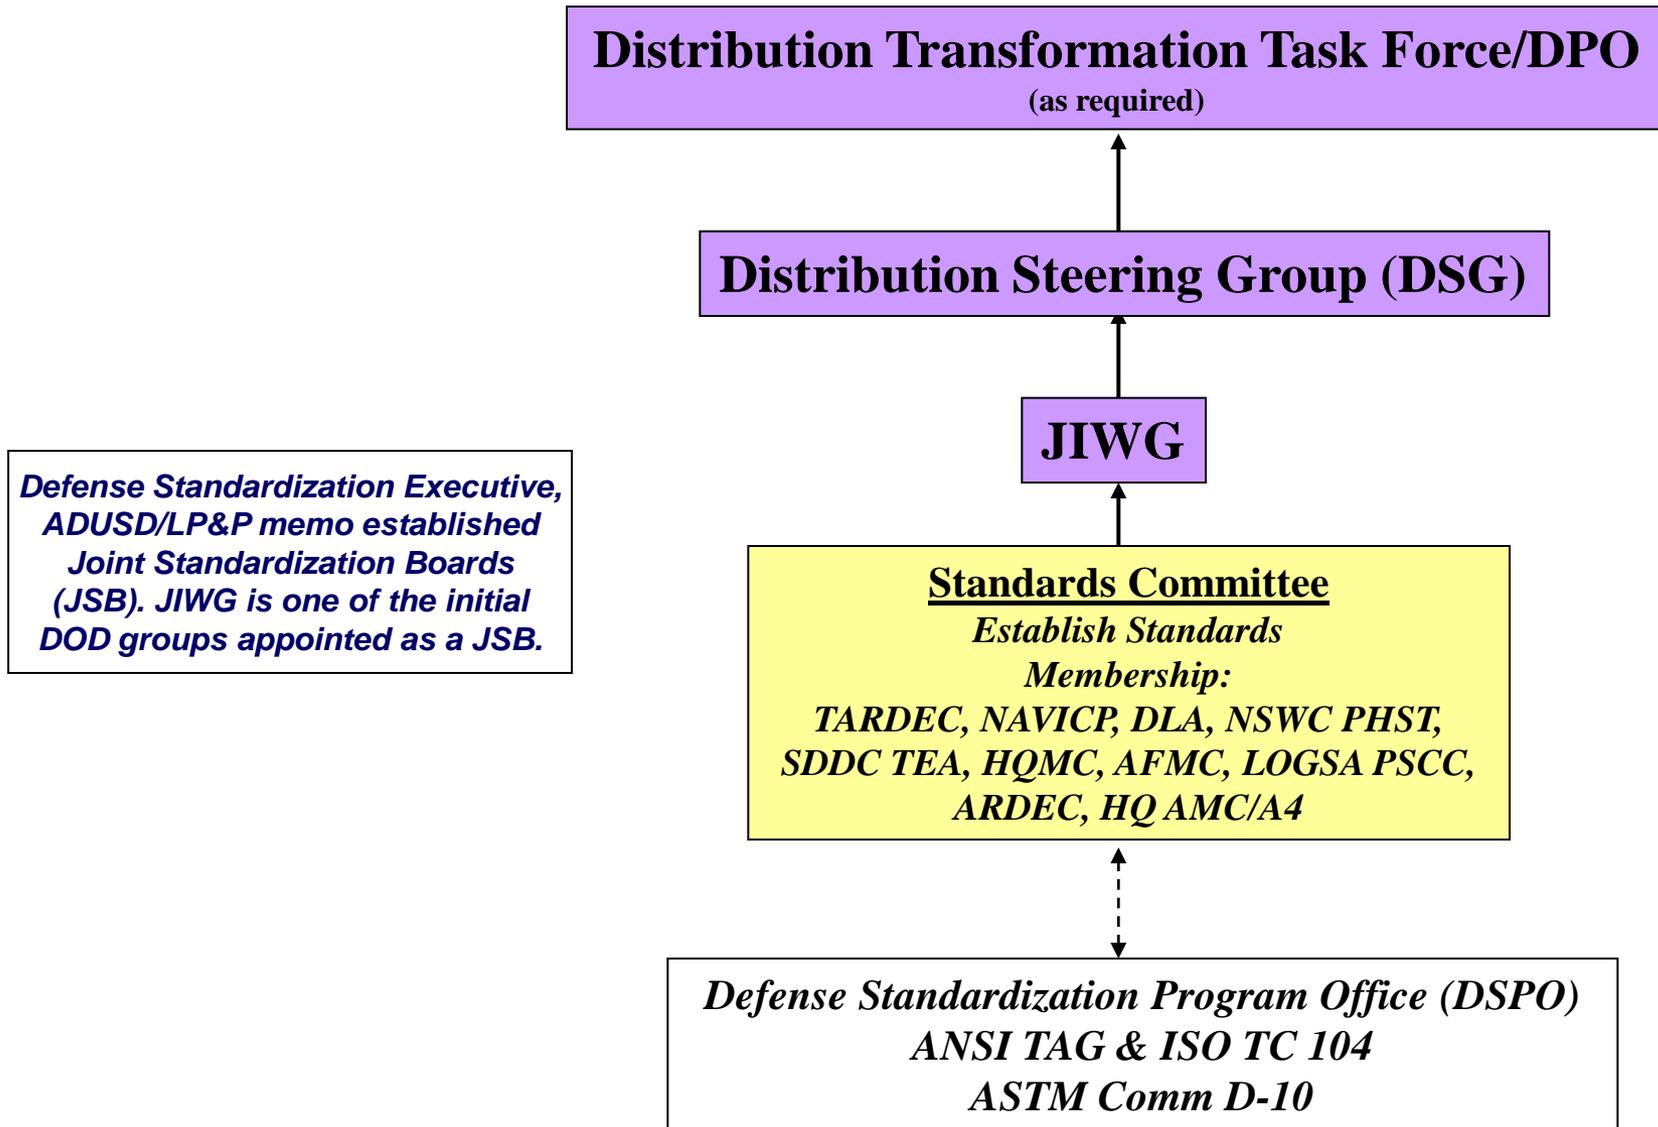

1. JIWG Standards Committee (SC) / Joint Standardization Board for Intermodal Equipment (JSB IE) mission and reporting
2. JMIC MIL-STD status
3. MIL-STD document development process
4. JIWG SC next efforts
5. JIWG SC way ahead

# **JIWG Standards Committee (SC)**

## **Mission**

- **Charter approved Jun 06 and revised Dec 06.**
- **The mission of the JIWG SC is to develop standards IAW DOD 4120.24-M, Defense Standardization Program, Policies & Procedures or Non-Government Standards as applicable.**
- **JIWG SC will function as the Joint Standardization Board for Intermodal Equipment (JSB IE) to initiate, harmonize and coordinate intermodal equipment standardization activities. JSB IE will:**
  - Draft standards for intermodal equipment that have reduced inventory, shorter logistic chains and improved readiness
  - Establish liaisons with various standards bodies and industry
  - Enhance integration and interoperability
  - Provide the interface for commercial/military integration in order to optimize DOD distribution process and improve end-to-end distribution effectiveness and efficiency
- **Advisors include DSPO, DPPG, USTC - J5, OSD ITP J3.**

# JIWG Structure/Committees

# JMIC Interface MIL-STD Status

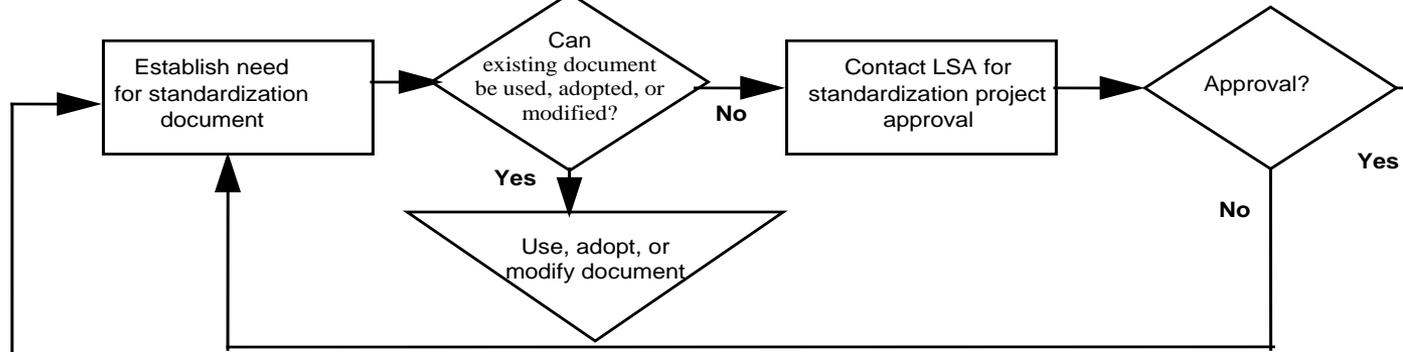

- Apr 07 - Technical Draft JMIC Interface MIL-STD
- Apr 07 - Began process to identify LSA and request JMIC Interface MIL-STD document number and project number
- Jul 07 - Project number assigned through LSA
  - LSA is Area Pack, Army LOGSA PSCC at Tobyhanna, assigned Project Number "PACK-2007-011" "MIL-STD-XXXX"
- Oct 07 - First formatted Draft Interface MIL-STD from LSA
- Apr 08 - JIWG SC meeting to work technical issues
- Jun 08 - Final Draft JMIC Interface MIL-STD released for full coordination review
- Aug 08 - Comment period was to close Aug 23, 08 but was requested to be extended and closed Sep 6, 08.
  - A total of 66 comments were received. All comments were consolidated into one list and draft responses have been prepared for each comment
- Nov 08 - JIWG SC meeting to address and resolve JMIC MIL-STD review comments

# JMIC Interface MIL-STD Status

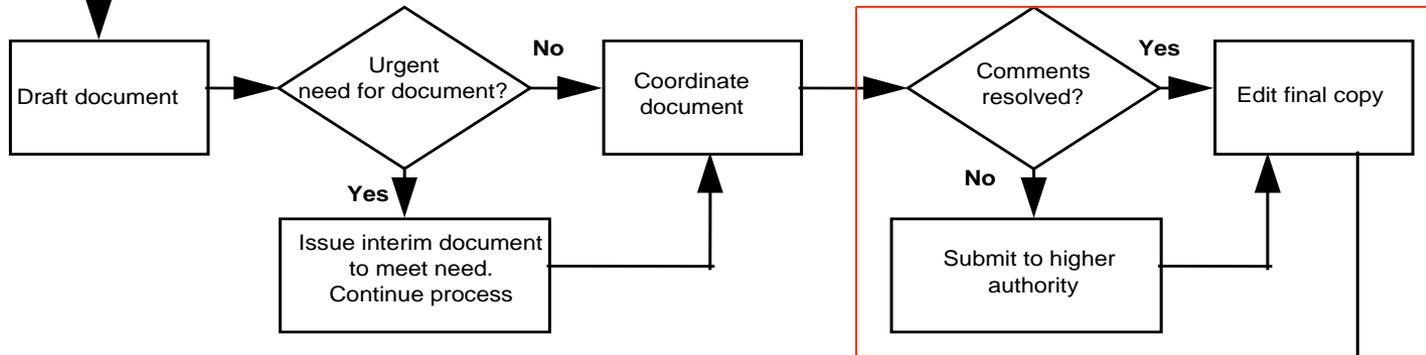

- 8 May 09 - Comment disposition will be sent to all review commenters for info
  - This will start a 30 day period to resolve the 7 essential comments
- 9 June 09 - All comments are cleared and final input to the draft standard is received
- 23 June 09 - Completed Final Draft of the Standard is ready to send to DSPO for approval

# TYPICAL STANDARDIZATION DOCUMENT DEVELOPMENT PROCESS

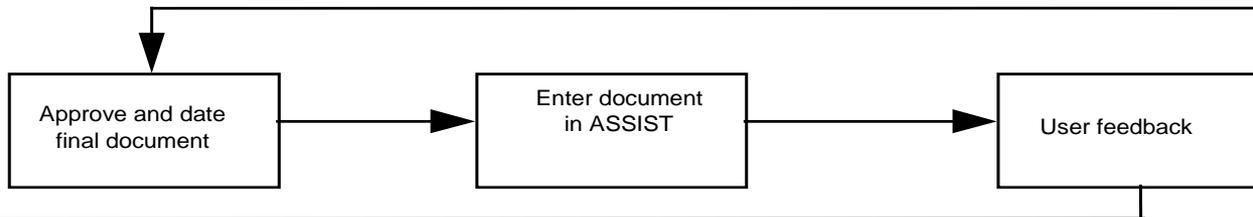

## Step 1 - Planning

## Step 2 - Development

## Step 3 - Approval and Publication

# JIMC Standard Use

- Process determined to address the use of the JIMC Standard upon release
  - Policy memo?
  - Something else?

# JIWG SC Next Efforts

- Submit Final Coordinated JMIC Interface MIL-STD for DSPO approval.
- Approved JMIC Interface MIL-STD Jul - Aug 09
- Next effort – JIWG direction?
  - Start AIP/JMIP/IPC Standard?
  - Are any of these development efforts mature enough to form the basis of a standard?
- Next JIWG SC meeting to address next effort Jul - Aug 09?

# CONCLUSION

**JIWG Standards Committee (JSB IE):  
Working with ongoing programs to develop standards that will be based on operational needs and limitations and will promote compatibility, interoperability, interchangeability and commonality to reduce cost and logistical footprint and optimize DOD distribution!**

**Any Questions???**
