

NON-U.S. GOVERNMENT AND FMS TARIFFS FOR THE TRANSPORTATION WORKING CAPITAL FUND (TWCF)

PASSENGER AND CARGO CHANNEL RATES

EFFECTIVE: 01 Oct 11 through 30 Sep 12

The Non-U.S. Government rate applies to all customers not identified in the DOD and Non-DOD U.S. Government Guidance (e.g., Contractors, Foreign Military Sales, and foreign contractors/governments (all customers must be in accordance with existing DOD directives listed below)). Questions regarding which rate applies can be directed to HQ USTRANSCOM J8-AB at Commercial (618)229-6719 or DSN 779-6719.

1. The Non-U.S. Government/Foreign Military Sales (FMS) rates contained in this section are for informational purposes and will be used only if transportation is authorized in accordance with existing DOD directives. Pertinent basic reference sources to which the tariffs apply are:

- a. DOD 4515.13-R, Air Transportation Eligibility.
- b. DOD FMR 7000.14, Volume 11A, Chapter 4, User Charges.
- c. DOD 4500.9R, Defense Transportation Regulation (DTR).
- d. DOD FMR 7000.14, Volume 15. Security Assistance Policy and Procedures.

These rates cover all activities of the DOD providing aircraft that transport authorized traffic. They apply to commercial enterprises, nonfederal agencies, individuals, foreign governments and international operations, and Foreign Military Sales (FMS) customers authorized transportation at the Non-U.S. Government Rate Tariffs in accordance with the regulations cited.

2. Instructions for use of Non-U.S. Government Channel Rate Table:

a. To obtain cargo rates, consult the attached zone to zone table (ATCH 1: Non-US Government and FMS Channel Cargo Tariffs). If unsure of a country's cargo zone, reference the attached cargo zone list and map (ATCH 2: Cargo Zone List and Map). For example, a cargo shipment from Charleston AFB to Haiti would be charged the zone 1 to 3 tariff. The dollar/lb rates for a shipment from zone 1 to 3 are \$6.839 (0-439 lbs shipment), \$6.592 (440-1099 lbs), \$6.350 (1100-2199 lbs), \$6.100 (2200-3599 lbs), and \$5.895 (3600+ lbs).

b. To obtain passenger rates, consult the attached alphabetized listing of stations with their respective tariffs (ATCH 3: Non-US Government and FMS Channel Passenger Tariffs). The rates table reflects outbound channels only (movement away from CONUS), but the outbound and inbound rates are identical.

c. Reference DOD 4500.9-R and DOD 4515.13-R, C1.4.2.2. Excess baggage charges will be assessed on a per piece basis, based on the passenger fare. Each passenger is authorized two pieces of baggage not to exceed 70 pounds each or 62 linear inches. The sum of linear measurements (length/height/width) must not exceed 62 linear inches. Bags larger than 62 linear inches and/or heavier than 70 pounds will be counted as two pieces and checked baggage exceeding the free weight criteria will be counted as an extra piece for each increment of 70 pounds. Piece rate charges are listed below, and are based on ranges of the passenger fares. Items exceeding 100 pounds and or 80 linear inches will not be accepted, and must be moved as freight.

Excess Baggage Piece Rates*/Pet Rates*

Pax Fares**	Rate Per Piece/Pet Rate
\$50-\$60	\$13 minimum
61-115	25
116-170	41
171-230	53
231-285	67
286-340	79
341-400	86
401-455	93
456-510	101
511-570	107
571-and above	114 maximum

* Minimum charge is \$13; maximum charge per piece is \$114.

**Passenger fare is basis for charge. See Paragraph 1.h. for more information on pets and excess baggage tariffs.

d. When segmented air movement designators (AMD) are issued to permit an authorized delay at an intermediate AMC channel transit point, charges will be based on the channel segment rates. For example:

A TDY passenger is traveling from Ramstein to Bahrain and the order requires a Naples stopover. The AMDs would be issued from Ramstein (RMS) to Naples (NAP) and Naples to Bahrain (BAH). The rate would be computed as follows:

RMS	NAP	\$1,022
NAP	BAH	<u>\$1,831</u>
	Total	\$2,853

The rate of \$1,476 listed for Ramstein to Bahrain is applicable for a through AMD and would apply, for instance, if a stopover at Naples were made for AMC convenience or passenger safety.

e. Excess Charges for Overweight Passengers - Upon request and advance arrangement of exclusive use of two seats by a passenger, payment will be made for the two full adult fares applicable between the points which the seats are used. Also, the free baggage allowance for such passengers will be twice the normal allowance.

f. Charges for carrying cargo are assessed by pound or cube. The rate per pound is dependent on the size of shipment. The rate per pound under 100 pounds will be figured using appropriate weight breaks listed in attachment 1. The cubic foot measurement indicated on each shipping requisition is multiplied by the cube density minimum of 10 pounds per cubic foot and compared to the weight. The chargeable weight is the actual gross weight or volume weight, whichever is greater. The chargeable amount will depend on the actual weight break of the shipment even though the cube weight may put the shipment in a higher or cheaper weight break. A \$25 minimum charge will be assessed on all cargo shipments. For example: 2600 lb package has a cube density of 4500 (cube density equals cubic feet x 10 lbs)—since the cube density is greater, multiply cube density by the weight break rate applicable to actual weight of 2600 lbs (4th weight break cost per pound) to get total customer cost.

g. All Non-US Government/FMS cargo shipments will have a minimum line item charge of \$25.00. All charges will be rounded to nearest whole dollar. Rounding to nearest whole dollar doesn't apply to split shipments.

h. Reference DOD 4515.13-R, Chapters one and eight. Movement of pets (cats and dogs) within authorized areas on AMC military or Patriot Express flights are reimbursed by determining the Non-US Government passenger tariff located in the tariff section or para 3a. After determining this tariff, use the Pet Rate table on Para 2.c. for pet rate. Pets and their containers with a combined weight up to 70 lbs will be charged as one piece; 71 lbs - 140 lbs will be charged as two pieces and 141-150 lbs will be charged as three pieces. These rates will apply regardless of the number of pets in the container. Pets and their containers with a combined weight in excess of 150 lbs will not be accepted for shipment. POC for pet movement information is TACC/XOGC, DSN 779-7862, Commercial 618-229-7862.

i. Non US Government customers are not eligible to ship cargo TP-4.

3. Computation of Charges for Non-US Government/FMS Passenger and Cargo, which may be offered but not included in rate tables, attached:

a. For service not shown:

(1) For passenger, obtain the nautical mileage between points where transportation is to be furnished and multiply the mileage by \$0.565859; however, the minimum charge is \$51. Round passenger fare to the next whole dollar.

(2) For cargo, see ATCH 4: Average Channel Cargo Zone Rates. To compute cargo rate, multiply the zone to zone rate by the following multiplier:

Shipment Size	Multiplier
1-439 pounds	\$3.471535961
440-1099 pounds	\$3.346078711
1100-2199 pounds	\$3.223523701
2200-3599 pounds	\$3.096595868
3600 pounds and over	\$2.992506521

4. United States Government Transportation Tax--Passenger and Cargo. For the purpose of application of this tax, the term "United States" will mean any of the fifty states.

Passenger. Transportation tax current at time of travel will be applied for the travel of passengers and patients between points within Alaska and Hawaii, and between CONUS and the Canadian and Mexican buffer zones (that portion of Canada and Mexico which is not more than 225 miles from the nearest point in the Continental (excluding Alaska and Hawaii) United States).

5. Aeromedical Evacuation. Aeromedical evacuation furnished Non-U.S. Government/FMS patients (if otherwise authorized) within the CONUS and overseas areas and between overseas and the CONUS will be charged as follows:

a. For a litter patient with no attendant, the overseas/international charge will be three seats at the Non-U.S. Government/FMS rates published herein. The stateside charge will be three first-class commercial airline fares as shown in the current Official Airline Guide, plus \$1 each fare and applicable transportation tax current at time of travel. Facility charges (hospital/in-flight) current at time of travel will be assessed for each day (or fraction thereof) the patient is in the aeromedical system. For each attendant an extra seat will be charged at the appropriate tariff.

b. For an ambulatory patient, the overseas/international charge will be one seat at the Non-U.S. Government/FMS Rate Tariffs published herein. The stateside charge will be one first class commercial airline fare as shown in the current Official Airline Guide, plus \$1 and applicable tax. Facility charges (hospital/in-flight) current at time of travel will be assessed for each day (or fraction thereof) the patient is in the aeromedical system. Each attendant accompanying an ambulatory patient will be charged at the appropriate tariff.

c. Urgent or Priority Transportation. If aeromedical transportation is required on a channel passenger movement (that is, urgent or priority), the tariffs prescribed in paragraph 3 will apply.

6. Rates may be obtained by request to HQ USTRANSCOM/J8-BT at DSN 779-5074 or 779-5060 or e-mail to USTC-RATES@ustranscom.mil.
